

3847. Adulteration of milk. U. S. v. David C. Fry. Plea of guilty. Fine, \$10. (F. & D. No. 258-c.)

On October 14, 1914, the United States attorney for the District of Columbia, acting upon a report by the health officer of said District, authorized by the Secretary of Agriculture, filed in the police court of the District aforesaid an information against David C. Fry, Lander, Md., alleging the shipment by said defendant, in violation of the Food and Drugs Act, on September 17, 1914, from the State of Maryland into the District of Columbia, of a quantity of milk which was adulterated.

Adulteration of the product was alleged in the information for the reason that water had been mixed with it so as to reduce, or lower, or injuriously affect its quality or strength.

On October 14, 1914, the defendant entered a plea of guilty to the information, and the court imposed a fine of \$10.
